New Issuance Recap:

As geopolitical tensions caused a pullback in many of the world's major indices, the new issuance market seemed to shrug off any concern as the week's issuance volume increased to 32 deals (3 IPOs, 14 FOs, 10 BLKs, and 5 CVTs) for aggregate proceeds of \$8.4B. Comparably, the week's deal volume is more than double the prior week's 13 deals, and represents a dramatic improvement from the \$3.0B raised in the prior week. Moreover, in terms of deal volume, the week's 32 deals represents the most active new issuance market since the week ended January 27 which saw 34 deals price for proceeds of \$6.3B. The week's largest IPO came from the Energy sector as Ranger Energy Services, Inc.'s offering raised \$85.0M in proceeds after pricing at \$14.50 per share, below its initial filing range of \$16.00 per share to \$18.00 per share. Moreover, blank check issuer Atlantic Acquisition Corp. raised \$40.0M in proceeds during the week, while YogaWorks, Inc. debuted for proceeds of \$40.2M after pricing below its initial filing range of \$12.00 per share to \$14.00 per share at \$5.50 per share. Separately, of the week's 14 follow-on offerings, only three came in accelerated format as Healthcare Realty Trust, Inc. represented the largest accelerated offering at \$224.0M in proceeds. Also notable were Thermo Fisher Scientific Inc.'s \$1.2B offering, which represents the fifth largest follow-on offering of the year. The week's nine block trades also represent the most block trades since an equal amount priced during the week ended May 26. Of note, Norwegian Cruise Lines Holdings Ltd.'s \$821.2M offering represents the sixth largest block trade of the year. Looking ahead to next week, only one IPO is scheduled to debut as blank check issuer Capital Investment Corp. IV seeks to raise \$350.0M in its debut. Should the IPO price, next week will represent the fewest number of IPOs since the week ended July 14.

- 32 U.S. deals priced last week with total proceeds of \$8,397.1 M. There were 3 IPOs (\$165.2 M), 14 Follow-Ons (\$3,602.5 M), 10 block trades (\$3,544.5 M), and 5 convertible deals (\$1,085.0 M).
